

THE FORMER SPICERS SITE

The coloured red space is the proposed site area

HAVE YOUR SAY

Huawei would like to invite you to a public exhibition to view proposals for the development of the former Spicers site in South Cambridgeshire.

Members of the project team will be on hand to answer your questions and to discuss the proposals with you. We hope you will be able to come along and view the plans.

WHEN?

Friday 26th April 2019 | 4pm to 8pm

Saturday 27th April 2019 | 10am to 2pm

WHERE?

Walnut Gallery, Sawston Village College,
New Road, Sawston, Cambridge, CB22 3BP

If you are unable to attend the exhibition, from Monday 29 April you will be able to view the proposals and complete an online feedback form by visiting www.theformerspicerssite.co.uk.

Huawei is seeking to develop a new research and development facility at the site on unused shrubland to the west of the existing buildings.

The South Cambridgeshire Local Plan was adopted in September 2018 and has allocated the former Spicers site in Sawston as an Established Employment Area which means an appropriate development for employment use is permitted.

The development will revitalise a largely derelict site and help bring a range of employment opportunities back to the local area contributing to a key growth sector in the national and local economy.

Huawei's commitment to research and development in the UK means that it will continue working in close partnership with leading academic institutions including the University of Cambridge.

We would like to invite you to view the proposals and share your views before an application is submitted to the Council.

We look forward to meeting you at the exhibition.
